Dear Postal Customer:

As requested, we have issued Prohibitory Order number 0011[REDACTED]SSW against GLOBAL CAPITAL GROUP. The enclosed copy of the Prohibitory Order (Form 2152) should be kept in your permanent records. This order remains in effect for 5 years from the date of issuance or from the last time you apply for enforcement against an apparent violator. If your application included eligible minors, they will not be protected by this Prohibitory Order after their nineteenth birthday, unless they send us a written request to have their protection continue.

The order prohibiting any mailing to persons protected by the Prohibitory Order goes into effect on the thirtieth calendar day after mailer receipt. If you receive a mailpiece in apparent violation of that prohibition, and you wish to submit it for use as evidence, you must open it and write on its exterior and contents the date of receipt and a signed statement as follows: "I received this mailpiece on (date)." Then send the entire mailpiece to the Prohibitory Order Processing Center at the address above, along with a copy of your Prohibitory Order, if possible, or your Prohibitory Order number.

We are pleased to help in your effort to gain protection against unwanted receipt of such mail.

Sincerely,

A handwritten signature in cursive script that reads "Edward S. Walker".
